

WEARY SENATE WRANGLES OVER AAA AMENDMENTS

LEADERS CALL EARLY SESSION FOR TOMORROW

Senator Robinson Fails In Effort To Push Bill Through

Associated Press Staff Writer
Washington, July 20.—(AP)—Ten days of talking and balking on the New Deal farm program today left the weary AAA amendments far from completion by a nerve-frayed senate.

Unable to push the bill through by voting for a special Saturday session beginning two hours earlier than usual, Democratic Leader Robinson, ended four hours of effort, but apparently futility argument by recessing until Sunday. But he ordered his charges back to work two hours early on Monday.

During the day the senate rejected once again 62 to 35, a proposal to put a compensatory tax on rayon and other commodities of cotton equal to 125 per cent of the processing tax on cotton. It approved a revised committee amendment regulating federal loans to cotton cooperatives and looked down on a proposal by Senator La Follette (Wis.) to impose import quotas to prevent foreign goods from interfering with domestic prices bolstered up by processing taxes. The question was carried over to Monday.

Alarmed by recent decisions of the administrative phases of AAA, the senate administration announced it would propose an amendment to the bill intended to initiate present iron control contracts upon which the government is obligated for about \$200,000,000.

All AAA beneficiaries it was indicated the legislation was necessary to assure farmers they would get benefit payments even though the processing taxes were upped on constitutional grounds.

With these contracts validated, the AAA has a lot of "to do" to be done in a provision in the \$4,000,000,000 work-relief bill, inserted by Senator George D. Baugh, permitting payment of the benefit claims from that fund.

Senator Russell D. Gibson, brought up the rayon tax issue, urging reconsideration of the vote of Thursday by which it was rejected.

WOMAN INJURED

St. Louis, July 20.—(AP)—Mrs. James T. Crow, wife of the mayor of East St. Louis, was confined to a hospital here tonight with a possible concussion of the brain suffered when a service car in which she was riding collided with another automobile this morning.

Drivers of both cars were released on bonds.

AIRLINER FALLS INTO TREES; 13 PERSONS KILLED

Every Passenger On Royal Dutch Ship Meets Death

San Bernardino, Switzerland, July 20.—(AP)—Thirteen persons died today as the Third Royal Dutch airline passenger plane to crash in seven months fell into trees near the village of San Giacomo, three miles from here.

Two of the nine passengers killed were Gerard and Virginia Phillips, whose address and nationality could not be determined immediately. The other passengers were Dutch, English, German and Swiss.

A police investigation showed that the plane, which apparently was seeking an emergency landing field, sent out an SOS shortly before the crash.

The ship, en route from Frankfurt-On-Main to Milan, appeared out of clouds of fog, apparently having motor trouble, and tried to land in the narrow valley of San Giacomo. There was no suitable field, however, and it struck trees.

Police found Mrs. or Mrs. Phillips still living but she died just as they pulled her clear of the wreckage.

A Red Cross detachment from the nearby town of Bellinzona reached the scene to find all the nine passengers and the crew of four dead. A squad of gendarmes was detailed to guard the debris. The bodies were taken to a nearby chapel.

Most spectacular of the three disasters that have overtaken Royal Dutch Airline planes during the recent months was the mystery crash of its giant American-built Douglas "Flying Hotel" in the Syrian desert in December, 1934.

After several days of search the burned hulk of the plane, which had taken the handoff in the English desert, was found in the Syrian desert, where it was found two months before, was found ten miles south of Hattin, Syria. All its seven occupants were dead.

One week ago another giant commercial ship carrying 14 passengers to Sweden crashed shortly after the takeoff, killing six of the occupants.

Heat Wave Has Been Routed By Thundershowers

Deaths From Current Torrid Heat Spell Have Climbed To Upwards Of Forty

Thunderstorms routed oppressive heat in many localities yesterday (Saturday) but maximums for the year were established in Washington and Baltimore.

Deaths from the current torrid heat mounted upwards of forty as Michigan reported two additional fatalities and Kentucky one.

It was 88 degrees in Washington and 96 in Baltimore before welcome showers broke the hot spell there and in New York City, Chicago and scattered areas west beyond the Missouri river.

But a stifling week end was predicted for Michigan, where 3 of the heat deaths and at least eight drownings occurred since Thursday. Government forecasts at Chicago, where an afternoon thundershower assumed die-away proportions, then the next day, said above normal heat would prevail over the week end and over most of the midwest.

It was 90 at New Ulm, Minn., high for that state for the past 24 hours. Alarming reports of black ruts spread in the northwest area had market reactions.

Four New Yorkers were killed and four others injured by lightning during the storms. Several Chicagoans also were reported struck.

At Freeport, Ill., a herd of cows, bewitched by the heat, stampeded over a 50-foot bridge, into a small stream. Several of the animals were killed.

The maximum dropped from 88 to 84 in four hours at Cleveland. It was 88 at Louisville.

"Poor Relative" Is Kidnaped

Columbus, O., July 20.—(AP)—A "poor relative" told police today of a \$10,000 kidnaping—extortion plot that failed because of mistaken identity.

Robert C. Byers, 42, a Columbus sales and advertising counselor, said he was maddened here Thursday night by five men who later told him they intended to kidnap his brother, George, owner of a large automobile distributing agency.

"It sure is tough that a poor relative is mistaken for one who has money," he said.

Byers said his captors released him near Cleveland Friday, after he convinced them he was not George and promised to pay them \$500 here this afternoon.

Police reported that so far as they knew no effort was made to collect the money.

Robert Byers is president of the Byers Distributing Service, Inc. His brother is head of the George W. Byers Sons, Inc., automobile distributors.

Burning of Utility Records Bared in Senate Probe

The flood of telegrams which poured in on Representative D. J. Driscoll (Dem., Pa.) shown left in characteristic pose, urging him to vote against the holding company "death sentence" because the center of attention in the Senate lobby probe, when evidence was given that the originals had been burned in the Western Union office at Warren, Pa., K. P. Herrow, of Warren, Pa., center, and E. W. O'Brien of Erie, Pa., right, shown on the witness stand, testified that they destroyed records on orders from "higher up" in the Associated Gas and Electric Company, with which both are connected.

Modern Lobby Methods Of Business Are Assailed By Senator Schwollenbach

By W. W. Meisler
Washington, July 20.—(AP)—Modern lobbying methods of business are being assailed by Senator Schwollenbach (D-Wash.) today as two congressional committees charged Long inquiries into activities intended to influence legislation.

Hearings will be resumed Tuesday in the investigation by the house rules committee, which has employed special counsel. The senate committee, headed by chairman Black (D-Ala.) which so far has been more active also will resume Tuesday.

Both Black and chairman O'Connor (D-N.Y.) of the house group, each with a \$50,000 appropriation promised extensive investigations, which they said probably will last far into the fall.

Schwollenbach said his observations as a member of the senate committee have convinced him that although "business interests decided to be clean and honorable in their lobbying, they can't get away from their old habits."

The old method of lobbying, he added, consisted of bribery, blackmail and entertainment. That was abandoned for the modern method of really trying to ascertain public sentiment, and representing it to members of congress.

"But this investigation already has shown the unfair methods used, the fake telegrams with names taken from city directories, the millions spent to deceive us on the utility bill."

"I have no objection to legitimate lobbying. It is extremely desirable to learn both sides of any question, and to know what the people want, but these methods make that impossible."

His offer accepted, Gornik went to the office of the assistant state attorney John Long and Police Capt. John McGinnis said, to the parkway shrubbery where the girl was killed.

Unemotionally, McGinnis said, the youth reconstructed the happenings of last night, saying:

"First we went for a walk. We stopped at my home and I got my knife. Then we came here. We sat down and she reclined across my lap. She said 'Why don't we die?'"

"I thrust her to the ground. Then I stabbed her in the back and handed her the knife. She took it, but was only able to cut my shirt a little."

He ran for a doctor, he said, when she moaned of pain and then returned to her.

"She asked me to stop the pain," the police captain quoted Gornik as admitting. "So I pushed the knife into her heart. She asked me to kiss her. I did. Then she died."

He was arrested at the doctor's office to which, he said, he had carried the body.

Police, learning that the pair had "broken off" two weeks ago when the girl's family disapproved of Gornik's attention, held also for the biggest Frederick Bolt, 25, on a theory that jealousy might have been a motive.

They said the slain girl and another man had been in Bolt's company last night before she met Gornik and that Gornik admitted fighting with Bolt when he warned him to stay away from the girl.

SEVERE STORM
Danville, Ill., July 20.—(AP)—A severe electrical and rainstorm struck the vicinity of East Lynn, Ill., today and several thousands of dollars of property damage was caused when lightning destroyed a barn during a downpour in which 4 1/2 inches of rain fell in three hours.

A foot of water flooded nearby highways and many cars were stalled. The extent of damage to corn and wheat fields, many of which were flattened, could not be determined. One bolt of lightning killed a cow.

NAZIS PRESS OPENS WAR ON JEWS, CHURCH

Would Make Socialism
Religion, Faith Of
Germany

By Melvin K. Whiteleather

By The Associated Press
Berlin, July 20.—(AP)—A new Nazi "party of reactionaries" opposition to the far rightists—except through the Rosen and increasing impetus today, the chief victims of threatened violence, Jews, clergymen and war veterans.

Nazi publications and official spokesmen lashed Hebrews, Catholics and Protestant men of the cloth, and members of the steel helmet veterans organization with hated communists and other "reactionary" or "unreliable" elements in the determined fight to make national socialism the faith and the religion of unified Germany.

The day's developments included:

1. Julius Streicher, leading Jew-hater and publisher of the bitterly anti-semitic newspaper "Sturm," announced he himself would head the drive to oust all Jews from Berlin or segregate them in Ghettoes.

2. A decree issued by the ministry of the interior warned Catholics to take care in what they said from their pulpits tomorrow concerning the Nazi drive against "political Catholicism." Prosecutors were told "quick proof of misdeeds must be followed by even quicker punishment."

3. While Minister of labor Franz, founder and leader of the Stahlhelm, tried tactically to contact Adolf Hitler, reported "out of the country," he was said secret police who yesterday dissolved the veterans organization in Thuringia and parts of Saxony and Mecklenburg.

4. Secret police abolished the international organization of cabinet, causeville and circus artists—bringing them into the scope of the far-right clean-up movement—because subversive elements allegedly were included in it.

5. The Papal Nuncio, Cesare Orsenigo, visited the Wilhelm-Strasse where Catholic circles said, he filed the Vatican's second protest of the week against the anti-Catholic drive.

Chicago Police
Hunt Assassin
Chicago, July 20.—(AP)—A man known as Nate Schiltz was sought by police today for questioning in the fatal shooting of William E. Cummings, 35, last night on a crowded downtown street.

A motive for the shooting of Cummings, reputed by police to be a gambler, was still lacking.

Schiltz was found on a postcard in a brown coat which, with a gray fedora hat, had been abandoned in the tavern Cuming left just before he was shot.

ITALY PROTESTS BITTER TONE OF SELASSIE SPEECH

Man Who Robbed Many Churches is Under Arrest

Khartoum, Ill., July 20.—(AP)—A. B. Andrews, 39, who confessed to the police that he had robbed Episcopal churches in many parts of the United States, was held over today by the grand jury for larceny of the Kankakee Episcopal church. Bond was set at \$2,000.

He was arrested Tuesday when his actions in selling chalices to local jewelry stores aroused the suspicions of police. He confessed he had stolen chalices and had had stolen churches in Missouri, Ill., La. Pointe and South Bend, Ind., Goldwater, Mich., and many other cities by posing as a pipe organ repair man or an acoustics engineer.

DENY EX-KING RETURNING TO ATHENS, GREECE

Mayor Reaches London For Conference With George

London, July 20.—(AP)—Whether Ex-King George of Greece is or is not ready to fly back to Athens—that was the question on here tonight.

An airplane pilot said he was. The king's aide said he was not. The numbers could not be found for comment.

The pilot, Capt. William Leslie, asserted the former king, whose supporters back home have worked the country up to the verge of an election on the question of his restoration, had ordered him to keep an airplane at Crotona airport ready to fly him to Athens, perhaps tomorrow.

The mayor, who said he was here to see the former king in behalf of the people of Athens, said he did not know George. He confessed ignorance of his plans, saying he did not know whether the interview tomorrow could be definitely arranged.

Major Lewis, earlier in the day had furnished this comment on rumors current in Athens that George was returning:

"We know nothing more than what is in the papers."

Greece's preparations to take, probably in October, on checking her republican government and putting the old monarchy in its place have focused attention on the former king.

Eldest son of the late King Constantine, George was barred from the throne by the allies because of his reputed pro-German sympathies. His younger brother, Alexander, came to the throne when Constantine was deposed in 1917.

Constantine was restored in 1920, to be deposed again in 1922. George succeeded him, but was himself deposed by army and navy officers the next year, leaving Greece in December, 1923. In 1934 the assembly elected members of the dynasty.

Recently, former Queen Elizabeth fled members of the dynasty, divorced the ex-king. They long had been separated.

Chicago, July 20.—(AP)—Albert Jacobs, 34, his wife, Henriette, 32, and their two daughters, Esther, 9, and Mary Ann, 4, were killed tonight when their car was struck by a Chicago and North-Western train as it crossed in suburban Palatine.

Only Jacobs' sister, Mrs. Martha Jacobs, wife of a second cousin, escaped death in the crash.

She said Jacobs drove his car on the tracks, saw the oncoming train, a northbound express, and yelled to his family to jump. She was the only one of the five to leap to safety.

The engine of the twin locomotive that he saw two people hanging on the side of the car as the locomotive struck.

EMPEROR ASKS WORLD TO HELP AVERT CONFLICT

Ruler Of Ethiopians Declares Italy Wants War

Copyright, 1935 by the Associated Press
Addis Ababa, Ethiopia, July 20.—Emperor Haile Selassie flung another ringing challenge at Italy today as Italy's diplomatic representative here vigorously protested the bitter tone of attacks on Italy in the emperor's fighting speech before Parliament Thursday.

Count Vinet, the Italian minister, called at the foreign office to protest verbally against the address without waiting for written instructions from Rome.

Shortly before the emperor, citing the European nations' increasing preparations for war, appealed to the world to help avert the threatened Italy-Ethiopian war lest peace negotiators become mere scraps of paper.

The king of kings and conquering lion of Judah, whose stirring speech before Parliament Thursday fired all Ethiopia's trials to battle fervor, said in an interview:

"Ever since her crushing defeat by our army about 40 years ago, Italy has nourished the desire to attack us. This desire assumed today more acute and more menacing form, which Italy has proclaimed to all the world."

"All our advances for peace have been rejected and our sincere desire for conciliation has been rebuffed."

"Now, 2,000 years after the crucifixion, is peace to be drowned in the blood and tears of a war?"

Retracting Ethiopia's unwavering determination to defend its territory to the last man for the preservation of our dearest record of never having been conquered," the dark-skinned, curly-haired emperor made these points in his case against Italy.

1. The Italian attitude threatens to destroy the efficacy of the League of Nations.

2. It promises to convert the Kellogg pact outlawing war into mere pious hopes.

3. "A drunken brawl between native employees of a commercial agency to the last man for the preservation of our dearest record of never having been conquered."

Ethiopia became Christian when Europe was "still plunged in paganism," the emperor recalled, and "still subscribes to the Ten Commandments and to Christ's Sermon on the Mount."

Gerald Thompson Murder Trial To Open Tomorrow

Armed Guards Will Be Placed Around Courthouse At Peoria

Peoria, Ill., July 20.—(AP)—Armed guards will ring the county court room Monday as Gerald Thompson, 25, goes on trial for the attack murder a month ago of Miss Mildred Hallmark, pretty 19-year-old cafe hostess.

Sheriff Marcus Olson, who held Thompson in solitary confinement since the prisoner was arrested and reportedly confessed that he attacked Miss Hallmark on the night before her fatal shooting, said a number of experienced men to his staff for the duration of the trial.

The alleged confession, which came after Thompson was shown the dead girl's clothing is expected to be Prosecution Edwin W. Champignon's principal weapon in seeking the death penalty for the defendant.

Officials have questioned a number of Peoria girls who they said admitted having suffered attacks by Thompson, but Champignon said he would not summon them to testify against the prisoner unless it "became necessary."

Public threats, voiced against Thompson following his arrest, caused the sheriff to order extra guards for the court room.

BABY KILLED
St. Louis, July 20.—(AP)—Thomas, 2-year-old son of Mr. and Mrs. Oliver Vaughn, died in City hospital today from a fractured skull suffered when he fell 16 feet from a second story window of his home.

Mrs. Vaughn told police the boy was standing on a chair and apparently pushed the window screen out, plunging to the second floor rear porch, and rolling off it to the ground. She was preparing to bathe the child when the accident occurred.

Many Citizens Have Fingerprints Taken For Identification

Service Offered by Local and Federal Bureaus Proving Popular

About thirty citizens of Jacksonville have recently visited the city police department and had their fingerprints taken. They are all good citizens, many of them well known, and they placed their prints on record voluntarily for purposes of personal identification.

The prints are placed on cards which are properly filled out with

names, addresses and other information and sent to the Division of Personal Identification of the Bureau of Investigation, U. S. Department of Justice, Washington, D. C. Here they are placed on file, giving the owners of the prints a permanent record of identification with the government, whatever happens.

The prints are "rolled" in the police fingerprint room and the cards are sent to Washington by the police department. This is a free identification service maintained by federal government with the co-operation of city police bureaus everywhere. The movement for this form of personal identification was started by the Lions club of a southern city, and hundreds of prints have already been filed from that one community.

A man walked into a police station in a western city recently and stated that his mind was a blank. He asked that his fingerprints be taken in order that something could be done toward establishing his identity. The prints were taken and sent to Washington. The personal and army and navy files were searched, and finally the investigators went into the criminal files. There the prints were found, for years before this man had been arrested for an investigation.

Thus if he had not run out of the law, his identification in this emergency would have been impossible. The voluntary recording of fingerprints for personal identification gives the honest citizen the same

advantage as the criminal has. It is no disgrace now to have one's fingerprints on file in Washington. In fact every civil service employee must now be fingerprinted. Friday the police department here took the prints of the new postmaster at Mendota, William B. Meier. The service maintained here is constantly being used by citizens and officials who desire permanent identification records.

This is a day of travel and liability to accident. Millions of citizens are on the move about the country, and almost anything may happen to a person in a strange city or state. With his fingerprints on file, any citizen can be sure of identification anywhere in the United States.

Suicide Ends Film Fame Quest

Hopelessness of her struggle against tremendous odds for screen fame drove beautiful Julia Ann Graham, above, 20-year-old former Sistersville, W. Va., choir singer, to death by her own hand. She was found, shot through the head, in the home of a Hollywood cameraman, after two previous attempts at self-destruction, in March, 1934, and again last September, when she took poison. Then Producer Earl Carroll helped her to a screen start, after she had said, "Had I known what an inexperienced girl without dramatic training faced here, I would never have left home for Hollywood. The light is terrific—it forced me to try death rather than carry on."

Eight Young Men of City in C.M.T.C. at Jefferson Barracks

Local Youths Get Intensive Training and Taste of Real Army Life

Eight young men from this city are now at Jefferson Barracks, where they are enrolled for a month's intensive training in the Citizens' Military Training Camp. The youths and the companies to which they have been assigned are:

Lindell B. Sowers, Co. I; Julius M. Staff, Co. B; Truman E. Smith, Co. I; John I. Wood, 1st Machine Gun Co.; William R. Hanelline, Co. I; Frederick R. Engelman, Co. E; Stanley P. A. Darr, Co. B; William C. Crampton, Co. B.

The 1935 Citizens Military Training Camp is the largest at Jefferson Barracks for a number of years, there being 1419 enrolled in the Regiment after all rejections for physical defects and for other causes. The C.M.T.C. students are organized in rifle companies and two machine gun companies. The Regiment consists of

three battalions of four companies each. The camp is under the command of Colonel Walter C. Short, Commanding Officer, Jefferson Barracks. There is a camp staff of eight regular army officers. The Regiment is officered by Infantry Reserve Officers of the 348th Infantry, a central Illinois organization.

During the thirty days that the C.M.T.C. trainees are in camp, they are put through an intensive schedule of instruction embodying the fundamentals of military training, physical instruction, organized athletics, and courses in Citizenship.

Formal guard mount each day, parades, boxing and wrestling tournaments, baseball games, track and field meets, range practice army camp life are but a few of the items that crowd the daily life of the young men.

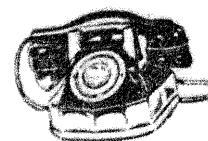

In the C.M.T. Camp. The secondary purpose of the C.M.T. Camp is the preparing of young men to fulfill their part in national defense in case of emergency, but the primary purpose is the inculcating of characteristic essentials to success in any phase of life.

Chandlerville Boy Scouts Enforce New City Parking Laws

Work Two Nights In Getting Drivers Accustomed: News Notes

Chandlerville—The Chandlerville business section of Main street has been marked for parking spaces during the past week. On Saturday evening regulations were enforced by the members of the Chandlerville Boy Scout troops. On Monday evening again the Scouts patrolled the marked areas assisting drivers to keep cars in the designated alignment. A street

carnival in the village this week complicates the traffic regulations.

Services in the Lutheran church Sunday commemorated the dedication of the present building completed forty years ago. Rev. A. E. Neitzel was in charge of the special program for the morning. The church building is being repaired at present.

Mrs. Oscar Greb was hostess to the Bridge club Wednesday afternoon at her home on South Main street.

Miss Emma Mae Blair spent Tuesday evening at her home here returning to Jacksonville Wednesday.

Miss Julia Haynes of New York City was the guest of friends here over Sunday.

Mrs. Harry Anderson visited with friends at Basco, Ill., last week.

The Misses Sara and Eula Ruthorn returned from Richland, Mich., Monday evening.

Ralph and Edwin Greb of Springfield are spending this week with their grandparents, Mr. and Mrs. Henry Greb.

Mrs. Henry Kiehl and Miss Eda Ortwien of Beardstown were week end visitors at the home of Mr. and Mrs. Henry Greb.

Mrs. Henry Morse and daughters, Frances, Agnes, and Nancy, left on Monday for Aledo, Ill., where they will visit during July and August.

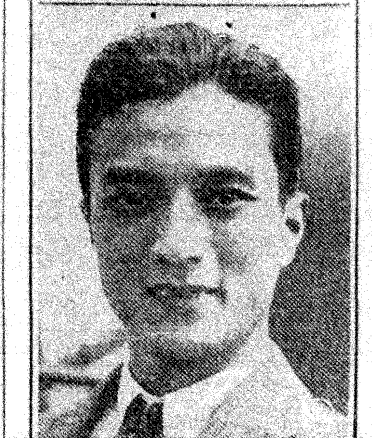

Charles Amant with Ray Pickeral of St. Louis are fishing in Wisconsin this week.

Miss Lois Braner of Oakford is visiting with friends in Chandlerville this week.

Mrs. Julius Ortwien returned to her home in Washington, Ill., last Sunday after several days spent at the home of Mr. and Mrs. Henry Greb.

Mr. and Mrs. A. W. Morse of Virginia with their sons James and John Robert were Wednesday guests at the home of Mrs. J. C. Morse.

Fireman Hurt at Jerseyville Blaze

Falls in Ditch and Rams Thumb Against Ground with Much Force

Jerseyville—Harry Blish of the Jerseyville Fire Department was injured while fighting a fire at the home of Merville Downing in the eastern part of the city.

Aided by other members of the department, Blish was carrying the hose toward the fire when he stepped into a four foot ditch which was obscured by the prevailing darkness. In falling he bent the thumb of his right hand back with such force that the flesh was badly torn. He was given treatment by a local physician.

Four-H Contest July 26
The annual contest for the girls 4-H clubs of Jersey county will be held July 26th. The event will be staged in the auditorium of the Baptist church on West Pearl street.

The contest among the judging teams will be held in the morning.

In the afternoon the program is scheduled to begin at one o'clock. Nine demonstrations are included in the program, the dress review and singing.

The contest is open to all who may care to attend.

Ruling Queen to Rule Again

Still devoted to the screen and her admiring fans, the queenly Mary Pickford has her eyes again on the film firmament where she once ruled supreme. A ten-year contract calls for six pictures a year from her, and she intends to star in some of them. From this latest picture of "America's Sweetheart," you can see that she still has the youth and charm and beauty that endeared her to movie fans in former years.

DOWN WAVERLY WAY

Centennial Year Sketches of Morgan County's Second City

By MRS. GEO. P. ROMANG
Evidently the early church deacons in Waverly had some difficulties to overcome, just as they do today. We read in the beautifully written minutes of the Congregational Church, in 1861:

It was voted that a committee of two be appointed to define the duties of a church sexton and report at one o'clock this afternoon.

At the adjourned meeting held at one o'clock, the duties of a church sexton were reported to be: To ring and toll the bell for all regular meetings; to ring and toll the bell for funerals; to cut wood and build fires to warm the house for all necessary meetings; to sweep and cleanse the house by dusting the slips (pews) as often as necessary to keep it clean; to purchase oil for lamps and present the Society with the bill; to trim and light the lamps for all regular meetings and keep them in good order.

Curfew were also in style long ago as we find the same church records show a motion that the Town Corporation have the privilege of having the church bell rung at twelve noon and nine at night, by appointing the regular sexton whose duty shall be to keep the house locked and in order.

The old custom of renting pews in churches was in vogue here also. On October 18th, 1859 the records of this same church read as follows: O. J. Salter moved that 1 of the slips (pews) be rented for one year. The slips being rated at certain prices according to location and sold to the highest bidder at or above the regular rate.

A motion was also made by Mr. Salter that the rent for pews be paid in advance semi-annually. H. Curtis moved that Rev. J. Weller select a slip for himself free.

One of the church records shows a motion to authorize the use of the Seminary (then being used as a church building) for a singing school under the "control and regulation" of M. Peet.

At one of the regular meetings of the trustees the record shows that the meeting was adjourned to the 7th instant at early candle light. On October 18th, 1859 a formal vote of thanks was extended to Brother W. Lindley for the bell he had presented to the church.

The church slips (pews) were numbered and the record shows they were auctioned off for from \$8 to \$28 each, one list showing a total rental for the year of \$600, some being paid in cash, most, however, by note.

The sale of the Seminary building for \$800 is reported in January, 1855, this being several years after the erection of the church building now standing; the Seminary having been a temporary shelter for the congrega-

tion until the church proper should be completed.

Funeral Rites for Carrollton Youth

James Franklin Simonds is Summoned by Death; Services Thursday

Carrollton, Ill.—Funeral services for Franklin Simonds were held at the Carrollton Methodist Episcopal church at 2:30 Thursday afternoon. The Rev. Milton A. Beger conducted the service.

A quartet composed of Carrollton high school students, Dale Clough, James Kidd, Mike Graves and Albert Scott, accompanied by Miss Mary Whiteside sang "Blest Be the Tie That Binds," and another selection was given by a quartet composed of Miss Julia Pierson, Mrs. Freda Driver, Rev. W. Marion Rowlen and Everett Mehl.

The floral offerings were borne by Misses Mary Lois Dan, Hilda Martin, Dorothy Roodhouse, Neva March, Rosalie Ewart, Nellie Mae Garrison, Marie Volles and Margaret Morrow.

The active casket bearers were: Joseph Cunningham, James Barton, Verne Ballard, Carl Oser, Jack Ballard and Raymond Jostet.

Honorary bearers were: Charles Hindelang, Duane Scott, Marion Hildebrandt, Eugene Powell, Donald Angle and Eugene Whiteman. Burial was in Carrollton city cemetery.

Decedent was the son of Mr. and Mrs. Leo Simonds and was a member of this year's graduating class of the Carrollton high school. He was chosen president of the senior class last fall and continued to hold that office until the end of the term. Altho very seriously ill he graduated with highest honors last month. He was one of Carrollton's star football players and was captain of the team during the past year.

"I DIDN'T REALIZE THE FORD V-8 HAD SO MANY FINE-CAR FEATURES"

**"IF I HAD KNOWN A FORD V-8 WAS LIKE THIS,
I WOULD HAVE BOUGHT ONE MONTHS AGO"**

"It was a big surprise to me—this Ford V-8. I'd seen it on the road and heard some mighty fine things about it. But there was still a little doubt in my mind. I just couldn't believe a low-price car could be as good as that.

"Forget about price," a friend of mine said. "Things move fast in the automobile business and the Ford has stepped way out ahead. Look it over carefully and you'll see that it's different from every other low-price car. It's a new kind of car for Ford and for the whole automobile industry."

"So I decided to do the job right. I went over the Ford from bumper to bumper—studied every feature—took it out on the road and put it through

every test I knew. Took my wife along, too, to get her views. And say—if you think I'm enthusiastic—you ought to talk to her! In every way, the Ford V-8 is far beyond our expectations."

Many other motorists—men and women—have said the same thing about the Ford V-8—"it is far beyond our expectations."

We'd like to have you drive it and see for yourself. Many distinctive features put the Ford V-8 in a class by itself in performance, comfort, safety, beauty and satisfaction.

Women's Business Club At Carrollton Meets For Picnic

**Berdan Community Club
Meets At Blair Home: Other
News Notes**

Carrollton—Twenty members of the Carrollton Business and Professional Woman's club motored to the country home of Mrs. Ford Platt Monday evening for a picnic supper. The hostesses were Mrs. Mary Rockwell and Mrs. W. I. Arnold. Fried chicken, salad, sandwiches, pickles, and cake were the menu. Tables were set on the lawn, and the scenery with a background of bluffs and green trees was beautiful. The rays of the sun as it sank behind western skies set the scene off in glory. The weather was delightful and a very pleasant evening was enjoyed by all. A recreation committee with Mrs. Platt in charge as chairman managed the program. Letters of interest from President Miss Hazel Green, who is attending summer school in Laramie, Wyo., and Mrs. Charlotte Crow, who is visiting her sister, Mrs. G. B. Lord, in New Jersey, were read.

Mrs. Curtis Blair and Mrs. Allen Norton were hostesses to the Berdan Community club at the Blair home Thursday. Thirty-eight members responded to roll call with riddles, a dialogue, "Managing a Husband," was presented by Blanche Walker, Velma and Lucille Blair and Rosemary Cronin. Games were played and a prize was awarded to Mrs. Robert Lee. The next meeting of the club will be held July 25 at the home of Mrs. George Kuhnline.

Mrs. Florence Converse, Mrs. Thos. Linn and Mrs. Marmon Glimmy were guests Tuesday of Mrs. Beverly Farrow Sr. of Eldred at a bridge luncheon.

Mrs. Philip Powell and daughters, Betty Jane and Dorothy Ann, of Peoria are spending the week with her parents, Mr. and Mrs. J. Wes Talley.

Mrs. Bennett Bowie and Mrs. Ed Reich visited Sunday with Mr. Bowie at St. Mary's hospital in St. Louis. He is making satisfactory recovery from a recent operation.

Mr. and Mrs. Mac Carmody of Chicago spent the week end here with Mrs. Mary Hill.

The following young ladies motored to Greenfield Tuesday and joined Mrs. Julian Hutchens at a picnic supper at the Woodbine Country club: Misses Irene Banghart, Ethel and Virginia Heraty, Catherine and Virginia Kirback, Helen Daum, Hester Baily, and Ruth Taylor. Mrs. Hutchens entertained them at her home with a slumber party that night and they came home after breakfast Wednesday.

Mrs. Nellie Jones and Mrs. Lucy Varble visited in Jerseyville Thursday with Mrs. Fred Dressel.

IT WILL Cost Less to Build or Remodel NOW

Building Industry In City On Upgrade

Survey Indicates Increase In Home Remodeling; Trend Toward New Houses Noted

There is an increase in building activity in Jacksonville. More repair work and remodeling is being done. For the first time in three years there is a tendency toward new houses. More skilled labor is being employed than building. Many people are coming to the realization that now is the time to build before the Autumn rise in prices. These are some of the facts unearthed in a survey conducted during the past week by the Journal and Courier in order to ascertain the condition of the building business in Jacksonville. Let us take these slogans, one by one, and see how local enthusiasm in construction has caused hammers to swing again into use.

There is an increase in building activity in Jacksonville. R. H. Easley, manager of the PWA project at the Illinois School for the Deaf and Blind, stated that the PWA project at the Illinois School for the Deaf and Blind is a better feeling among Jacksonville dealers and craftsmen than it has been for some time. He stated that a large number of the men had been put to work by the PWA project. At the same time, he stated that the PWA project is causing the dealers to supply more materials.

Advantage in Building Now. NOW IS THE TIME TO BUILD BEFORE THE AUTUMN RISE IN PRICES. Building material of all kinds is sure to go up this fall. Prices are being stimulated by the increase in building. The workers in the mill are striking for more pay and shorter hours which is sure to make lumber dearer to the local dealers, with a resultant increase in prices for all of this material. Many improvements needed. But this isn't all the dope on the situation. Consider what needs to be done. A survey conducted this spring by a Jacksonville firm revealed that 1,000 houses were in need of basement improvements, new heating plants, laundry or recreation rooms, and new floors and space. Fifteen hundred houses do not have adequate, modern plumbing. Twenty-five hundred houses need new electrical appliances. Think what a great amount of business would be put into circulation if all these repairs were attended to. A large number of homes still need painting. In fact, many improvements over that of a few years ago. Great strides have been made in insulation, heating, plumbing and other furnishing. And for these reasons and because of the employment of thousands of men in the building industry, it is interesting to note that Jacksonville is taking on new life.

More Men At Work. MORE MEN ARE EMPLOYED IN THE BUILDING INDUSTRY IN JACKSONVILLE. This is a fact that has been taken from the files of the Service Office of the National Employment Service point out that on September 1, 1934, there were 2,034 men unemployed in Morgan County. On Feb. 1, 1935, this number had been decreased to 1,927. By May 1 of this year it stood at 1,752, and July 13, one week ago Saturday, the total was 1,386 unemployed men in Morgan County.

"HOLLYHOCK HOUSE"

A Friendly Little Place
A friendly little house—small enough to fit in with the most modest budget, but spacious enough to have an air of graciousness and well-being, a home rich in the tradition of our own Early American colonies and in a style which has mellowed with the passing years.

The large number of houses that are being repaired in some manner. Upon some are the scaffolding of the carpenter. Others support the swinging penicils of the painter. Men are climbing around on a new roof, while other men are crawling around in the basement or the plumbing. All of this is an indication that Jacksonville is waking up and building.

Finally, let us summarize the whole business. There is an increase in repair work and in new building. This means that more men are working and more material is being used and that prices are sure to go up this fall. Many houses are in need of repair in Jacksonville and many people realize that now is the time to make those repairs before the Autumn rise in prices makes itself evident. This puts still more men at work and more money in circulation. Jacksonville's building program can be one of the greatest factors in making the local community to normal times.

Members having shares in the 24th Series, B Class, and 20th Series, C Class, may obtain their checks upon presenting their certificates.

There has been issued over thirty thousand dollars worth of shares since the first of July and many new names are being added to the membership list. It is most gratifying to the officers to see the large number of members who mature their shares, re-invest their savings in paid up stock, and subscribe for additional monthly payment shares.

You may be one who has some extra money that you would like to invest in a safe manner where your dividends will be paid promptly and you will not have to worry about the collateral. No doubt you have been told that a first mortgage is the best kind of an investment, and so it is if you know how to do the following:

1. Correctly judge the value of the property.
2. Look up the general and special taxes that may be assessed against it and perhaps not paid.
3. Check the title and have it examined and see that there are no outstanding liens.
4. Investigate the borrower's ability to pay.
5. See that sufficient insurance is carried to protect the loan.
6. Make sure that the borrower has a life insurance policy equal or more than the amount of the obligation.

These are a few of the things that the Jacksonville Savings and Loan Association has to do before any loan is made.

The shares that you invest in are only as good as the mortgage behind them. Our shares are backed by carefully selected first mortgages on real estate. We appraise the property at its present market value, satisfy ourselves as to the title, taxes, etc., and make sure that the ability of the borrower

Cubs Take Second Game Of Series From New York Giants 7 To 2

U.S. Tennis Team Trims Germans

By Gayle Talbot
Associated Press Sports Writer
Wimbledon, Eng., July 20.—(AP)—Red-headed young Donald Budge, "scared stiff" by his own admission, but nevertheless able to settle down and play grown-up tennis when needed, ousted the United States away to a running start today by whipping Germany's equally youthful Heimer Henkel before rain washed out the other half of today's Davis Cup competition.

After scrambling around for three sets of tennis that looked more like a pro school match than an international duel of ranking players, Budge outscored Henkel 7-5, 11-9, 6-2, 6-1.

This was the first point for America in the inter-zone final, the outcome of which decides England's challenge.

Wilmer Allison, the Texan, and Baron Gottfried Von Cramm, Germany's No. 1 man, then sat around in their tennis chairs for more than an hour, waiting in vain to start the second singles match. It rained steadily most of that time and the center court was kept covered. Then when the downpour ceased, there wasn't enough time left to play more than a set or so and the team captains agreed on a postponement of play until Monday.

The carry-over, which means putting back the doubles until Tuesday and the final two singles matches

until Wednesday, prompted a large, unexpected demonstration of annoyance. Evidently irritated by failure to see the day's feature match, after so long a delay, spectators not only heaved cushions, but actually littered the historic turf with a barrage of teacups and saucers. It was an unprecedented outburst by British tennis onlookers, who generally have no difficulty restraining their emotions.

The scene was more characteristic of an American baseball crowd than a British sports gathering.

As for the one match completed, the loss said about it from a technical standpoint the better. Budge obviously suffered from stage-fright in his Davis Cup debut on Wimbledon turf. Henkel, though equally erratic, proved a tougher proposition than the American anticipated.

The young German had been able to capitalize on the prolonged set, might have upset the American.

As it was, Henkel eventually dropped the set and although he pulled out the third he was outclassed in the final chapter. After a "fight talk" during the rest period from Captain Joe Wear and his team-mates, Budge

lost his delivery broken a dozen times, but he was frequently baffled by Henkel's chop strokes and soft "floaters."

Meanwhile the Californian's normally trenchant backhand was erratic and he did not combine anything resembling accuracy and power until the final set.

Craft And Hoover In Park Title Go

Former Champion Defeats Ketter, And Hoover Downs Davis

Floyd Craft, who has two city championships in his possession, and Earl Hoover, the golfing school teacher from LaCrosse, Wisconsin, will battle it out for the Nichols Park championship and a match with the Jacksonville Country Club champion for the city match play title, July 28.

Craft, who won two titles before losing out in a medal play 36 hole grind last year, turned in a card of 70 Saturday when he climbed over the last obstacle in his path to a place in the finals. Craft took a four up lead on the first nine, and won two more holes to win a 6 up 4 victory over Allyn Ketter.

Hoover, whose upset victory over Jerome Barber gave the tournament its first jolt, continued his march toward the finals by eliminating Harold Davis, 6 up 5. Davis reached the semi-final round after upsetting "Pickle" Bond in the first round, after Bond had won the medalist honors in the qualifying round.

Hoover poured a 37 into Davis during his first nine holes, and was even par figures up to the point where the match ended. He completed the round and turned in his second 37, for a 74 total over the 18 holes. Hoover held a three up lead at the end of the first nine holes. The card for the match.

A. S. Armstrong became one of the finalists in the second flight of the Mitchell one up after 19 holes of play. Armstrong will meet the winner of the Frank Rowland-Andrew Witte match to be played Sunday.

A long hitting barrage in the seventh inning gave the Jacksonville State Hospital Redlegs their fifth loss in 22 starts this year when the Rosetter team of Springfield suddenly came to life in the seventh inning to win a 5-4 decision.

Trailing 2-0 when the seventh opened, two men were out before the avalanche of swatting swept the Redlegs behind. Huckabee shot the opening gun with a triple, and "Skeets" Lawrence bounced a single out of the infield to score him. Castleman walked and with two men on the path, DiGiovanni picked off one of Bill Sporer's offerings for four bases.

Then, to set up the game, DiGiovanni and Rossetti singled in the ninth after Castleman had walked again, scoring another run.

Rossetti cut off a threatening rally in the ninth inning, after Payne opened the frame with a pinch hit triple. Buban and Barnes getting caught in a double play with one down.

The Redlegs got their first two runs single, Kushnir singling to start a run in the second, advancing on an infield out, and scoring on Hood's single. With two gone in the third, Bill Sporer doubled with Duffner on base, and the first sacker came home with the second Redleg run.

The Redlegs will go to Pittsburgh today for a game with the Schaper Produce nine.

Cincinnati, July 20.—(AP)—Off to an early start with four runs scored on three doubles and a single off Tony Freitas, the Phillies defeated the Reds 9 to 3 today.

The Phillies rolled up seven doubles in all off Cincinnati pitchers to even the series at one game each.

Though he struck out three men in the short time he worked, Freitas granted extra base hits so freely he yielded to St. Johnson in the second. Johnson fared little better, Schott going to the mound for the seventh and eighth, and Hermann in the ninth.

Long Hit Barrage Defeats State Hospital Redlegs 5-3

A long hitting barrage in the seventh inning gave the Jacksonville State Hospital Redlegs their fifth loss in 22 starts this year when the Rosetter team of Springfield suddenly came to life in the seventh inning to win a 5-4 decision.

Trailing 2-0 when the seventh opened, two men were out before the avalanche of swatting swept the Redlegs behind. Huckabee shot the opening gun with a triple, and "Skeets" Lawrence bounced a single out of the infield to score him. Castleman walked and with two men on the path, DiGiovanni picked off one of Bill Sporer's offerings for four bases.

Then, to set up the game, DiGiovanni and Rossetti singled in the ninth after Castleman had walked again, scoring another run.

Rossetti cut off a threatening rally in the ninth inning, after Payne opened the frame with a pinch hit triple. Buban and Barnes getting caught in a double play with one down.

The Redlegs got their first two runs single, Kushnir singling to start a run in the second, advancing on an infield out, and scoring on Hood's single. With two gone in the third, Bill Sporer doubled with Duffner on base, and the first sacker came home with the second Redleg run.

The Redlegs will go to Pittsburgh today for a game with the Schaper Produce nine.

Cincinnati, July 20.—(AP)—Off to an early start with four runs scored on three doubles and a single off Tony Freitas, the Phillies defeated the Reds 9 to 3 today.

The Phillies rolled up seven doubles in all off Cincinnati pitchers to even the series at one game each.

Though he struck out three men in the short time he worked, Freitas granted extra base hits so freely he yielded to St. Johnson in the second. Johnson fared little better, Schott going to the mound for the seventh and eighth, and Hermann in the ninth.

Plan Three Softball League For Teams

Two Additional Starters Are Expected; 13 Mens And Four Women's Teams

Although the opening gun has not yet been fired, three leagues of teams in softball are planned for this city by the Y. M. C. A., sponsors of the softball idea. Two new teams are seeking admission to the league, and one more team is contemplating asking for membership bringing the total number to 13 men's and four women's teams.

Secretary A. D. Hermann of the local Y is receiving the applications. A team from the Lions club and another to be sponsored by Andre and Andre already have applied for admission. The 18 men's teams will be divided into two leagues, and the women will have a league of their own. It is expected that all games will be played after dark under the lights to be installed at the Nichols Park baseball diamond.

It is hoped to have the poles for the lights and the fixtures installed within a few days. The fixtures are here now awaiting sufficient subscriptions paid in to pay the C. O. D. charges. Each team, as its entry fee, is required to sell \$15.00 worth of subscriptions toward the cost of the lighting equipment. This fee must be paid to Secretary Hermann not later than Wednesday, July 24th, by the teams which hope to use the lights this season.

The lights are to be installed at the Marguerite Lake Hardball diamond at Nichols Park, final action to this effect having been taken by ballot by the managers, with a 11 to 5 vote in favor of this location. This will necessitate a slight change in the present baseball diamond, which will be moved a little further from the backstop than at present.

It is hoped that equipment can be ready for a few games the last of the week, but until then, twilight ball will be played. No games are scheduled for Monday because of Jacksonville Day at St. Louis. The schedule for this week is as follows:

Tuesday, July 22, H. S. Field—Amalgamated Clothiers vs. Shoe Workers.
Tuesday, Jefferson School—Fox Hills vs. K. of C.
Wednesday, July 24, H. S. Field—Jacksonville Girls vs. Shoe Worker Girls.
Wednesday, Jefferson School—Purdy Wright vs. Peppers.

Thursday, July 25, H. S. Field—State Hospital Girls vs. Amalgamated Clothier Girls.
Thursday, Jefferson School—Ideal vs. A. P.
Friday, July 26, H. S. Field—Lions Club vs. Andre & Andre.
Friday, Jefferson School—DeMolays vs. International Harvesters.

Some of the teams lack players, or can add some to complete their playing squad. Limit of fourteen players. Any individuals who want to play and are not on a team are advised to communicate with Y. M. C. A. Secretary Hermann—Phone 179—who will pass their names on to team managers. Likewise, this is the last call for any teams not yet entered to do so.

The Jacksonville Tennis Club team will have its first home match of the season today when it tangles with a delegation from Quincy. The visitors will try to avenge the defeat they suffered at the hands of the local players earlier in the summer. Jacksonville winning five matches to two on the Quincy courts.

Probably the same team will be available today that invaded Quincy last month. Bob Hamm, newly crowned city champion, will lead the local racketeers, with Elmer Lukeman, Jack Moriarty, Kenneth Chenoweth, David Lander, and Bill Clark as the remaining members of the team.

The doubles combinations are scheduled to be Hamm-Chenoweth, Lukeman-Lander, and Moriarty-Clark. While the exact personnel of the Quincy aggregation is not known, they probably will send such notables as "Candy" Greenman and his brother, Herb, Geigels, the "pat-ball" artist, the hard driving Meyer and Eickmeyer, and possibly Waldfogel or Grimmer.

It was not decided definitely last night where the matches will be played, but some of them will be run off on the concrete court at Illinois College.

This will be the third match this summer for the Jacksonville players. In their two previous ones, they defeated Quincy and Hannibal, playing in those cities. Hannibal is expected to come here for a return match sometime in August, and another match has been scheduled with Beardstown for the near future.

The scrap came to an unexpected finish when the Bloomington boy dislocated one of his elbows and the referee stopped the bout.

William C. Crampton of Jacksonville suffered a technical knockout at the hands of Alton L. Morrison of Mattoon in the second round.

The semi-final matches were staged before an audience of 5,000 students and visitors at Jefferson Barracks, near St. Louis. A number of Jacksonville boys are enrolled at the camp.

Philadelphia, July 20.—(AP)—Behind Roy Mahaffey's six-hit pitching, the Athletics came back in the second game today to win 5 to 2 and even a doubleheader after the Cleveland Indians had overwhelmed them, 15 to 3, in the first encounter.

Eight runs in the first inning made the opening game easy for the Redskins. Bruce Campbell made five hits in five times up, to lead the Cleveland assault of 21 hits.

Jimmy Fox's 18th homer of the season, coming with two on base to climax a four-run rally in the third inning, gave Mahaffey the decision over Ralph Winegardner in the nightcap.

Larry French Pitches Great Baseball In Pinches Giving Him Victory Over Parmelee

Chicago, July 20.—(AP)—The league leading New York Giants suffered their fourth defeat in six games in the west today as the Cubs, coupling a ten-hit attack off Roy Parmelee with effective pitching in the clutch by Larry French, won their second victory of the series, 7 to 2.

The defeat clipped the Giants' margin over the St. Louis Cardinals, whose game with Brooklyn was rained out to 3 1/2 games. It also marked another step in the Giants' tumble as Parmelee hadn't lost to the Cubs in three years. A similar record was shattered last Monday when Hal Schumacher lost to Cincinnati after beating the Reds regularly for an even longer period.

French, given an early 3-0 working margin, won his sixth straight victory and his eighth of the season—but his first in three weeks—mostly by bearing down with men on base. The Giants made a dozen hits and had 12 men left stranded.

Chuck Klein's 15th home run of the season put the Cubs in front in the second inning. They scored two more in the third on singles by Augie Galan and Phil Cavarretta and Gabby Hartnett's double then waited for the eighth, when they came close to duplicating Friday's winning rally. Added by wild heaves by Parmelee and Gus Mancuso, and Bill Terry's failure to cover first when Parmelee fielded Frank Demaree's bunt, Chicago scored four runs on two hits to put the game on ice.

Because so many of the members of teams in the T.V.-Light Baseball League wish to attend the Jacksonville Day game at St. Louis Monday, the games scheduled for that day have been postponed from Monday and Wednesday, at the same playing fields as scheduled.

A very important meeting of managers is being called for Monday evening at 8 o'clock at the home of YMCA Secretary Hermann, 208 East Beecher avenue. If any manager finds he cannot attend he is asked to have a responsible substitute to represent him at this meeting. Several matters of importance are to be considered.

Because the Monday games will be postponed, players who can do so are urged to spend the evening at the high school field to get it into better shape. The ground has been graded, but piles of the scrapings must be moved and low spots filled. Only a few players appeared last Wednesday when they were asked to come. If the grounds are to be kept in shape the players must do it as the league has no funds to hire help. Bring tools, shovels, trucks, etc., for handling the dirt. Planks have also been secured for making benches for players and spectators. Any one who will work on them should bring hammers and saws.

The standing of the teams to date is as follows:
Went Low Pct.
Morgan Aces . . . 5 0 1.000
Smith Indians . . . 4 0 1.000
Meyers Bros. . . . 4 0 1.000

The revised schedule of games for the week is as follows:
Monday—No games. Players asked to report at high school field to work on the diamond. Managers meeting at 8 o'clock.
Tuesday, H. S. Field—Rambler's vs. Gold Storage; Nichols park, U.S. Operators vs. Gustines.
Wednesday, H. S. Field—Morgan Aces vs. Smith Indians; Nichols park, Meyers Bros. vs. Lansons Cleaners.
Thursday, H. S. Field—Rambler's vs. Wells Oil Kings; Nichols park, U.S. Operators vs. Smith Index.

Washington, July 20.—(AP)—After winning the first game of a doubleheader, 1 to 0, as Charles Fischer limited the Senators to a single hit, the Chicago White Sox dropped the second to Washington 9 to 2.

Turning in a perfect performance for more than eight innings Fischer, who was east of by Detroit earlier this season, was nipped for a single by Ose Bluege, Washington's late-hitting shotstop in the ninth.

With that exception, runners reached first base only twice as Fischer walked Sam Holbrook on two occasions and allowed him to go to second base once on a wild pitch. The White Sox scored their lone run in the second inning when Applin walked, was pushed to third by Dykes' single and scored on Sewell's grounder.

The White Sox were unable to do much against the hurling of Earl Whitehill in the second game, getting only five scattered hits. Washington had one big inning, the third, in which it scored seven runs on as many hits, two errors and a walk.

Boston, July 20.—(AP)—The Tigers wiped out most of the difference between first and second place in the American League standing today as they turned back the Red Sox for the third straight time, 7 to 6, but the "clay of averages" continued to favor the Yankees.

The triumph gave Detroit, which has climbed steadily ever since it moved out of sixth place late in May, a virtual tie with the Yankees, who were idle. The Tigers have won 52 games, three more than the Yankees, and lost 33, also three more. The percentage table, however, still shows New York on top, 620 to 512.

Detroit made four runs off Gordon (Dusty) Rhodes in the first two innings and seemed headed for an easy victory when General Al Crowder began to weaken in the seventh and the Sox rallied to knot the count in the semi-final inning. Was Perrell, who smacked a pinch double in Boston's big rally, failed to hold the Tigers, however, and a ninth inning run decided the game.

Charley Gehring scored the winning tally, smacking a single, stealing second as Hank Greenberg fouled and coming home on Goose Goslin's base hit.

Omaha Wins Arlington Classic And Three Year Old Championship

Golden Discovery Win Bunker Hill

By Bill King.
Associated Press Sports Writer.
Suffolk Downs, Boston, July 20.—(AP)—The Golden Discovery, champion of the four-year-olds, accounted for the \$10,000 Added Bunker Hill Handicap today, but only a few in the 40,000 crowd were able to see him do it.

A thick fog blotted out most of the track as Discovery and his four hopelessly outclassed rivals went to the gate to start their mile and an eighth journey through the wet darkness.

Everyone saw the champion get away last and finish 15 lengths in front of P. A. Shaw's three-year-old Gov. Sholtz, in 1:15 4-5, a new track record, and three and three-fifths seconds slower than his world mark.

A length behind the Shaw colt, in the show position, came Jack Howard's Advancing Anna, one of the Vanderbilt age 1934 conquerors. L. T. Whitehill's Gusto followed in fourth place, by a half-length, and P. M. Pike's Teralice trailed the field.

Despite his heavy burden of 131 pounds Discovery was a 1-5 favorite in the five-horse field. His mutual price was \$2.40 for win, \$2.60 for place and \$2.30 for show.

Discovery earned \$7,400, which boosted his season's earnings to \$22,825, about \$3,000 more than he made as a three-year-old.

In the second heat of the stake, a three-year-old trot with a \$1,500 purse, a new Canadian track record of 2:02 1/2 was hung up. The last quarter of the mile was covered in 28 1/2 seconds.

The grey stallion by Guy Abbe, under the expert handling of Sep Palin of Indianapolis, finished fourth in the first heat and then won the others in superior fashion.

Complete Plans For Free Golf School

Lessons To Begin Wednesday Evening At Nichols Park Grove

Final arrangements for the free golf lessons to be given at Nichols park beginning Wednesday have been completed. M. M. Barlow, golf committee chairman of the park board said Saturday.

Three lessons the first to be given at 6 p.m. Wednesday, July 24, the second Friday, July 26 and the third to be given, Monday July 29, are planned. Gary Vise, local professional, has been commissioned to teach the class.

The lessons are free of all charges, and will be given in the grove south of the number four green. Registration for the lessons may be made until the time the lessons begin, either at the starter's tee, or at the grove.

The lessons are intended for persons interested in learning how to get the proper start in golf, and others who wish to pick up additional information. The only equipment needed is one wood club.

Son of Gallant Fox Takes Feature Race At Chicago In Record Breaking Time

By Charles Dunkley
Associated Press Sports Writer
Chicago, July 20.—(AP)—Charging down the same stretch like his famous daddy Gallant Fox five years ago, Omaha clinched the three year old championship of the American turf today, by winning the Arlington classic before 40,000 cheering spectators in record breaking time.

After Omaha got through running they took over Sun Beas' track record, and when Omaha finished his brilliant run through the stretch, nine badly beaten thoroughbreds were behind one of the great thoroughbreds of the last ten years.

Omaha led St. Bernard at the finish by a length and a half, and it was Col. Edward R. Bradley's Bloodroot, not Black Helen, that was third. Black Helen finished fourth and there never was a time when she appeared as the winner, although she hung on to St. Bernard's heels courageously while he was out in front setting a blistering pace until the stretch turn was reached.

The mighty son of Gallant Fox, Flamingo shattered the track record by two-fifths of a second, in covering the mile and a quarter in 2:01 2/5, to lower the record of 2:01 4/5 hung up by Sun Beas, greatest winning thoroughbred of all time in 1931. In his smashing victory, Omaha left no doubt that he is the undisputed champion of his age. With amazing finishing power he ran down St. Bernard and Black Helen in the turn into the stretch to quickly take the lead and maintain it to the finish.

As a result of the victory, Omaha stretched his winnings to a total of \$142,355 for the year. He earned \$28,975 today for his owner, William Woodward of New York.

Going to the post a 2 to 5 favorite, Omaha paid \$2.80 to win, \$3.00 to place and \$2.40 to show.

St. Bernard paid \$7.00 to place with \$3.60 to show, with \$2.80 to show on the Bradley pair.

Carrying 128 pounds, and giving away weight to all his rivals, Omaha appeared master of everything in the race, with the possible exception of St. Bernard, from the start. When Omaha, brilliantly ridden by jockey Wayne Wright, made his move on the back stretch it became apparent that he had the rest of the field at his mercy. He overhauled the flying St. Bernard at the stretch turn, and moved quickly into the lead. The big crowd, which had appeared disturbed when Omaha broke in seventh place and then dropped back to eighth, cheered like mad as he raced into the lead. Once out in front the Omaha express rolled on home.

Pirates Wallop Braves Twice

Forbes Field, Pittsburgh, Pa., July 20.—(AP)—The Boston Braves dropped both games of today's doubleheader with the Pirates in running their consecutive string of defeats to 14. The scores were 14 to 2 and 5 to 3.

Pittsburgh pounded four Braves hurlers in the first game for 15 hits while Mace Brown, a rookie, held the Braves scoreless until the ninth.

In the second game, Danny MacFayden had two bad innings, the second and seventh, when Pittsburgh punched six of their 11 hits to score five runs. Arky Vaughan added the last tally with a home run.

Big Jim Weaver permitted only four hits until the Braves eight when a walk, Wally Berger's 16th home run of the season and two singles scored three markers for the Braves.

New York, July 20.—(AP)—Running over a distance at which he holds the world's record, A. A. Bacon's Top Row beaten by Discovery and Only One in the Butler Handicap last week, came back today to defeat Only One and two other fast horses in the one and one-sixteenth miles of the Yonkers handicap at Empire City.

The four-year-old speedster's time of 1:46 once a sloppy track was four seconds slower than his international mark made at Bay Meadows last December, but it was fast enough to carry him across the finish line a length clear of Only One, which carried the silks of Mrs. Derring home. William Woodward's Vicar, 6 to 1 outsider in the field, was another five lengths to the rear while showing the

way to Alfred G. Vanderbilt's three-year-old filly, Good Gamble.

Only One, out of the money once in 13 starts this year was the 6 to 10 choice, while Top Row was held at 3 to 1 to win the purse of \$5,250 and run his earnings for the season to \$32,620.

"KITTEN" BALL TEAMS TO INSTALL LIGHTS ON FIELD IN PARK

Managers of the twelve teams in the "Kitten" Ball League have voted three to one to have lights installed at the Nichols park hard ball diamond to facilitate evening play. Eight men's and four women's teams participated in the vote.

The reflectors for the lights are in town and the Illinois Power and Light Co. is being asked to erect the poles, but the work cannot be completed until all teams have paid the \$15 each assessed to pay for the lights. This money must be paid by Wednesday if the lights are to be ready for play this season.

Two new teams have joined the league, one from the Lions club and the other sponsored by Andre & Andre.

HUNT LYNCHERS

Fort Lauderdale, Fla.—(AP)—An investigation was set in motion today by Governor Dave Sholtz to bring "the guilty ones to justice" for the lynching of a Negro.

The victim, Rubin Stacey, 37, had been accused of slaying a white woman with a penknife. He was hanged within sight of her home.

Mr. and Mrs. Edward McGinnis and family of Roodhouse were among the Saturday afternoon callers here.

Oakley Atkins of Sadorra was a business visitor in Jacksonville yesterday.

BONDS STOLEN FROM FARMERS ARE RECOVERED

(Continued from Page One)

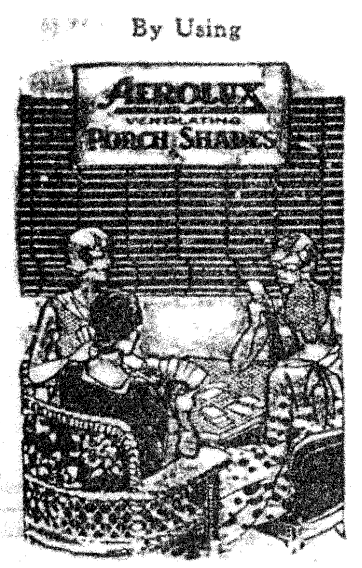

"I know they're the Besting bonds," Sheriff Morrison said tonight, "because they're registered in their name. There's still \$2,700 in negotiable federal land bank bonds missing. We haven't any clue to who left them in the mail box, but Shapley says they must have been left there last night." Sheriff Ervin was returning the bonds to Mr. and Mrs. Besting at Alton tonight. The elderly couple who asked for a special guard at their home fearing reprisals from the robbers, could not be reached by telephone. Warned they would be killed if they authorities until late Tuesday. Then they told Sheriff Ervin of the reported robbery of the four-stricken couple did not reveal the hold-up to a twilight visit of four masked men who bound them with ropes. The robbers forced them to reveal the bonds were hidden in an upstairs bedroom. There were two young and two older men. Besides said. They left the house threatening. "If you report this to police we'll come back and kill you."

Social Security Bill Will Pass

Washington, July 20.—Administration leaders in congress expressed confidence today that the Roosevelt social security program would pass without the Clark amendment exempting private pension systems, in view of the overwhelming house vote against the measure. With that vote behind them, house conferees were prepared to enter the new negotiations determined not to yield. They felt that if the senate would take the question back for a new vote, the amendment would be rejected. Senator Clark (D. Mo.) the author of the amendment, was determined, however, to fight to the end. Though there was some talk of compromise, informed senators did not believe that one would be reached.

Wheat Values
Much Stronger

By John P. Boughan

Associated Press Market Editor

Chicago, July 20.—(AP)—Suggestions

that black rust is now threatening 50

per cent damage to spring wheat in

the Dakotas and Minnesota gave

wheat values notable strength today.

Black rust advances from the north-

west were the most alarming yet this

season, but scarcity of sellers rather

than unusual increase of speculative

demand characterized the Chicago

wheat market. Grain authorities said

a race is on between maturity of the

spring wheat crop and devastation by

rust, with the rust so prevalent that it

can be seen in the fields from a dis-

tance of ten rods.

Wheat closed firm at about the

day's top level, 14 1/2 cents a bushel

higher than yesterday's finish, Sept.

85 1/2, corn unchanged to 1 up, Sept.

73 1/2, oats also unchanged to 1 up,

and provisions unchanged to 5 cents

down.

After a brief transient price setback

that was associated with hedging sales

against newly harvested winter wheat,

the Chicago wheat market began to

climb as reports of adverse conditions

both in the American and Canadian

spring wheat belt were received. Par-

ticular heed was accorded to a dis-

patch sent from Fargo, N. D., by a

widely known crop expert who said

black rust was about as bad as ever

known, and promised 50 per cent

damage at the very least. Other ad-

vice indicated weather of late has

been generally of a kind to develop

rust.

LATEST QUOTATIONS ON NEW YORK
STOCK MARKETHog Prices Are
Up Forty Cents

Chicago, July 20.—(AP)—Adjusting

livestock marketings to meet the ex-

tremely light mid-summer dressed

meat demand, resulted in hog prices

on the Chicago livestock market being

pushed up 40 cents this week to a

high of \$10.65, set yesterday, the

highest here since September, 1930.

Hog trade was largely nominal as

the supply available for open market

was slim after the big operators took

2,500 of direct consignment out of the

day's receipts of 3,000. The market

was described as nominally steady.

Demand for cattle was too narrow

and too discriminatory on account of

the shift from grain to grass-fed stock

to hold prices in place, most steers

losing from 25 to 50 cents, which pre-

cluded the whole structure down, ex-

cept in the case of bulls.

The smallest local run of sheep in

seven months was unloaded here this

week, but lambs closed unevenly 15

to 35 cents lower, common kinds

showing the maximum downturn.

Stock Shares
Move Upward

By Frank MacMillen

Associated Press Financial Writer

New York, July 20.—(AP)—Although

shares chugged uphill a little in mod-

erate trading on the New York Stock

Exchange today, they did not recover

Friday's decline in full.

Analysts said the demand for equi-

ties represented, in part, idle funds

attracted to the market by the lower

prices struck in the preceding ses-

sion.

In most circles it was reported the

bulk of the buying came from invest-

ors rather than from speculative

quarters.

By some it was thought that the

purchase of equities had been in-

spired by the more than seasonal pro-

duction of automobiles for the week

ended today. Cram's estimated out-

put at \$3,235 million compared with

\$3,450 in the preceding week and \$5-

925 in the corresponding week a year

ago.

In addition those who lean to a

bullish interpretation of the market

look heart from Wall Street estimates

that sales of department stores in

New York and other cities had ex-

ceeded more than expected in the

first half of the month.

In terms of the Associated Press

average of 60 stocks, the market

moved ahead 1 of a point to 45.5

Trading was a little less active than

Friday at 420,500 shares.

Mrs. Mary Davis is Injured in Crash

Car and Truck Collide at Corner; Local Woman Has Sprained Ankle

Mrs. Mary Davis was painfully injured Friday night when the car in which she was riding with Mr. and Mrs. Claude Sumpter, came into collision with the rear of a trailer truck at the corner of West College avenue and Dunlap court. Mrs. Davis was thrown into the cooling of the car. She was taken to Our Savior's hospital, where it was found she had sustained a bad sprain in the left ankle. No bones were broken. She was able to leave the hospital Saturday.

The accident is said to have occurred when the car, driven by Mr. Sumpter, started to turn from the west into Dunlap court. The truck, traveling east, had made a swing preparatory to turning south into the court, and the trailer and was in such a position that the car collided with it. The car was badly damaged.

RETURN FROM EAST

Mr. and Mrs. Edward Alexander and family have returned from a visit to the east. Mrs. W. L. Alexander remained for a visit with her daughter, Mrs. Catherine A. Yerkes, near Boston.

GUEST AT ILLINOIS

Mrs. Mattie Reische Chesnut of Caledonia, Ill., visited Illinois College on Friday. Mrs. Chesnut graduated from the college with the class of '22.

SUN-TAN

BEGIN HERE TODAY

JO DARIEN, finishing her first year in college, learns her father is out of college. Jo hunts a job and secures part time work in a marine supply store. There she meets wealthy, handsome DOUGLAS MARSH who offers her the job of hostess at his inn at Crest Lake. Jo accepts and this causes a quarrel with BRET PAUL to whom she is engaged. Jo breaks the engagement.

She goes to Crest Lake. Marsh warns her that many people consider her mother eccentric. That night at dinner Mrs. Marsh announces she has invited BABS MONTGOMERY and her parents to the inn. Jo knows that Babs dislikes her.

Now go on with the story CHAPTER XII

DURING the next few days Jo was too occupied to encounter Mrs. Marsh more than two or three times, and then only for a casual moment. Most of the time Jo was with Douglas Marsh who showed her the various and endless facilities of the resort, and introduced her to the employees in charge of each.

With him she inspected the stables, rode for an hour or two through the cool woods. Then he instructed her in the operation of one of the motor boats. "I'll teach you to sail before the summer is out," he promised. "Or perhaps Pete Fragonet will. He loves to teach sailing—especially to attractive young women."

Jo laughed. "Didn't you say his wife would be with him?"

"Well . . . I was told in Hollywood that they don't get along, except for publicity purposes. That's probably just Hollywood gossip."

"I really don't feel a bit impressed," Jo said, "and if it's all the same to you I think I'd rather have you teach me to sail."

"That," confessed Marsh, "is exactly what I wanted you to say."

Then they inspected the golf course with its tiny club house and lockers, and they even managed to get through eight holes of the game. But Jo had to admit that her golf was deplorable, and that she'd better confine her activities to boating and tennis.

"And dancing," appended Douglas. "I haven't forgotten how you can dance."

They were hectic days, indeed, and when Jo reached her room in the evening after dinner she was quite ready to sleep. Sometimes she would read a few pages of one of the novels in bed, but it was never long before her eyes were closed.

In three or four days she knew the place almost as thoroughly as Marsh himself, and she felt quite ready to assume her duties as official hostess at Crest Lake.

One morning she found under her door a check for a month's salary in advance. At first she was overcome with astonishment, for here at Crest Lake she had had no need for cash, and the majority of the time she had forgotten that this was really a job which was to pay a salary.

SHE endorsed the check immediately and sent it with a letter to her mother. "I don't want you to have the least hesitancy in accepting this," she wrote. "The honest truth is that I don't know what to do with it! My room and board is furnished—and I've just stopped

thinking about money. Every so often I pinch myself and say that it can't last; but Mr. Marsh said the other evening that he may keep the place open until October. He seems satisfied with my work, and although Mrs. Marsh is just a little difficult to get along with I feel I'm getting to know her better, and that her life isn't as bad as her bark."

Jo decided that the little white life about her relationship with Mrs. Marsh was wholly justifiable. After all, she wanted the Darlens to have the rosiest possible picture so they would accept that \$500 check with out the slightest qualms.

When she had sealed the envelope and addressed it, she thought, "I must write Bret, too—"

But she never wrote him. What could she write? They had parted so definitely, so finally, and there was nothing that had changed. She had come to Crest Lake against his will. She had told him, she remembered now with a little pang of regret, that he had no right to concern himself with what she did.

She knew well enough, too, that the presence of Babs Montgomery was more than likely to mean trouble. Jo had not seen her as yet, except at a distance on the golf course, but the Montgomerys had had one of the cottages now for several days. They had dined with Mrs. Marsh, and Jo felt sure that Babs would have plenty to say to the old lady about her.

FRAZIER HUNT TO WRITE NEW JOURNAL STRIP

"Listening To America" Will
Bring Views Of
Average Man

By PAUL HARRISON
FRA Service Staff Correspondent.
New York—After 17 years of wandering in far places as a reportorial citizen of the world, Frazier Hunt has completed one of his longest and most exciting tours—right here in America.

FRAZIER HUNT
Newspaperman-of-the-world.

secret agents on his trail to arrange his "accidental" death. But Hunt's coast-to-coast tour developed exciting significance as he wrote his pertinent findings into a story which he calls "Listening to America."

He has interviewed kings and dictators, dined with guerrilla war lords, and discussed courses of empire with great statesmen. Men who are in touch with events from Manchuria to Buenos Aires know him intimately as "Spike." Princes, generals, diplomats and men who direct international commerce welcome and respect him as a trained observer whose chief concern is the recording of facts and the accurate interpretation of conditions.

Sought Out Average Americans
From such people, Spike Hunt obtained segments of the international jig-saw for presentation in his writings—in magazines, books and newspapers—during more than a decade and a half. But for a true picture of contemporary America he has sought out innumerable average Americans and discovered what they are thinking. He has interviewed farmers and factory workers and discussed courses of democracy with grocery clerks. By this time, a good many citizens along his route know him as "Spike." Mayors, mechanics, bankers and bakers found him interested in their problems, appreciative of their triumphs and difficulties.

Frazier Hunt is a commanding figure in size as well as personality. He still calls Rock Island, Ill., his home, but even while there his cool blue eyes were fixed on distant horizons. He became a newspaper reporter in Alexis, Ill., graduated to the big New York dailies, went to war. After the Armistice he followed the Allied expedition to Siberia and traveled about a thousand miles by sled to cover activities on that frozen front.

Brought Peace Treaty to U. S.
He went into forbidden Red Russia and saw the strife-wracked birth of the Soviet Union. Back in Paris he obtained a copy of the secret peace treaty, and rushed with it to Washington. That sensational stroke only whetted his urge for foreign adventure, and soon Hunt was off again—to Europe, the Far East, Africa, Australia.

Russia arrested him as a spy, Japan decorated him with the high Order of the Rising Sun for his rescue of five Japanese soldiers stranded in China. He came very near to being shot by Adolf Hitler in Munich. He first met Hitler in 1923. Mussolini received him at the dawn of Fascist power. Gandhi, Sun Yat-Sen, Lenin, Mustafa Kemal, Japan's War Minister Araki—these are a few of the great with whom Hunt has chatted. Interviewing the Prince of Wales, he was able to talk to him as a neighbor as well as a reporter. For Hunt and the Prince own adjoining ranches in Alberta.

Book Bares World's Plight
International attention was directed to Hunt's book, "This Bewildered World," issued a year ago. For in it the author assembled the correlated picture of his own findings—the broad picture of various races and nations struggling each in its own fashion, against the common enemies of hate, fear, greed, depression, debt, unemployment, corruption and the struggle for trade and markets.

That is essentially the picture, intensified within the limits of this nation's own boundaries, that Hunt now is presenting in his series of articles called "Listening to America." The articles will appear in the Journal starting Tuesday.

IN JUSTICE COURT

J. J. Gardner, of Litchberry, was fined \$3.00 and costs on a charge of operating an automobile without a license. Gardner was arrested by State Highway Police—John W. Woodall and was taken before Justice of the Peace C. S. Smith.

GREENFIELD WOMAN DIES EARLY TODAY AT DAUGHTER'S HOME

Greenfield, Ill., July 21 (Sunday)—Amanda Crist Green, wife of the late William Green, passed away at the home of her daughter, Mrs. Clay Stone, near here, at 12:05 a. m. today. Mrs. Green was the daughter of Mr. and Mrs. Hector Crist, and was born in Virginia. She was married to Isaac Green, who died in 1891, and was married to William Green. Her husband preceded her in death in 1910.

Three children were born to her first union, one of whom survives.

Deceased was a member of the Rockbridge Baptist church. The remains were taken to the late residence this afternoon.

Funeral services probably will be held Monday morning, at 10:30 o'clock at the Greenfield Baptist church, in charge of the Rev. W. W. Brown.

UNVEIL PICTURE OF MART FATHER

H. M. And Bert Andre Present
At Ceremony In Honor
Of Friend

Mr. and Mrs. Bert Andre, Harry Andre of this city and Miss Jane Buck of Springfield returned recently from Chicago and while there they attended the unveiling of an oil painting given in memory of W. H. Wilson, who before his death was one of the oldest and most popular men in the furniture industry. At the time of Wilson's death in April of 1934 he was employed as Sales Manager of the Wolverine Table Company in Detroit, Michigan.

The Wolverine company always exhibited the largest display in the old furniture building at 1319 South Michigan avenue in Chicago. It was at that time that Wilson had a vision of a modern furniture exposition building. After having an architect draw tentative plans, it was more than a year before he could interest anyone financially in the Furniture Mart. It was through his interests that the present Furniture Mart in Chicago, the largest building for furniture display in the world, was built at 686 Lake Street.

After the completion of the building, Wilson was named vice president of the board and business manager of the building.

The portrait of Wilson was placed in the east end of the club dining room of the furniture mart. The furniture manufacturers are now making plans to erect a bronze plate to be imbedded in the building to be a life-time memorial to Mr. Wilson. This plate will be placed on the front side of the furniture mart building.

Mr. Wilson was a personal friend of Bert Andre and H. M. Andre.

DEATH CLAIMS SECOND BOXER AT SPRINGFIELD

Eddie Shea Fatally Hurt In
Crash Which Killed
Tom Barry

Death claimed its second victim as the result of an automobile accident which took the life of Tom Barry, Springfield amateur and national champion boxer when Eddie Shea, amateur boxer who appeared on the Jacksonville Trades and Labor Assembly fight card Friday night, died early Saturday morning in a Springfield hospital.

Barry, 18 years old, was killed instantly when the automobile carrying five Springfield youths plunged from the pavement and turned over. Shea, who was 23, died at a hospital at 1:30 o'clock.

The three other occupants of the machine were injured, but are expected to recover. They are Vaughn Barry, a brother of Tommy, Paul Kerlytis and Garland Parnell, all of whom participated in last night's fight show in Jacksonville.

The double tragedy is said to have occurred when the Springfield car sideswiped a truck driven by O. M. Scott of Madison, Wis. Scott and a companion, B. M. Clancy, a sailor from the Great Lakes Naval Training station, were uninjured.

Both Boys Well Known
Both victims of the tragedy are well known among boxing fans in Illinois. Tommy Barry rose to the top of his class when a bantamweight, and has since fought in heavier classes.

Shea, a favorite of many Illinois ring audiences, won his fight here Friday night. Within two hours after he stepped out of the ring he was dead.

Barry had a crushed skull, broken leg and other injuries. Shea was injured about the head and internally.

The other three boxers are in a hospital suffering from cuts, bruises and shock.

Barry Was Champion
Two years ago Tommy Barry went into the finals of the Golden Glove tournament in Chicago, defeating a New York opponent for the title. The same year he captured the national bantam crown in St. Louis. During the past year he turned professional.

Shea, also, has been a consistent winner. He took a five round decision from Herbie Green, Quincy, in the windup attraction on the Jacksonville card.

An inquest will be held in Sangamon county to investigate the deaths of the two boxers.

GIVE RESULTS OF ROAD CHECK

Total Of 1520 Cars In Concord,
Route 104

Revealing more use of the road leading to and streets of Concord than Route 104, a survey completed over a 72 hour period recently showed that a total of 1520 vehicles used the Concord road and during the same period of time there were a total of 1025 vehicles using Route 104.

The survey, made in an effort to obtain better highway conditions for Concord, was completed by several interested persons. The survey also showed that the estimated tonnage of trucks, obtained by using the maximum figures on the license, was 1,050 at Concord and 867 tons on Route 104.

Following is a report for the 72 hour period during which the study was carried on.

| | |
|----------------|-------|
| Passenger cars | 1,284 |
| Trucks | 236 |
| Totals | 1,520 |

| | |
|----------------|-------|
| Passenger cars | 842 |
| Trucks | 183 |
| Totals | 1,025 |

Estimates figure that an automobile passes the junction of the Concord road and Route 104 every three minutes, and that 350 tons of merchandise passes this point every day. Trucks constitute 30 per cent of the total number of vehicles.

Those who helped make the check were as follows: John and Carl Webb, C. E. Newton, V. I. Ball, Sr., H. W. Diggins, Charles Beddingfield, Rev. C. W. Andrew, V. I. Ball, Jr., M. Henderson, Howard E. Henderson, Sam Tribbett, Wilmer Simpson, E. W. Smith, Mr. and Mrs. Charles Birch, W. W. Williams, Mr. and Mrs. L. E. Clement, E. M. Harmon, W. T. Pilon and Russell Ogle.

Journal And Courier Baseball Excursion Plans Are Complete

add Journal and Courier

More than 300 Jacksonville baseball fans are going to see the St. Louis Cardinals and the New York Giants open their crucial series at Sportsman's Park, St. Louis, Monday, as the result of the Journal and Courier sponsored "Jacksonville Day" at the home of the Cardinals. The St. Louis team, by winning the most games during the series, can reduce the New York Giant lead to a fraction of a game, or by winning all of the games, can sweep into the lead in the National League.

Approximately 304 young Jacksonville baseball fans will be the guests of the newspapers and the St. Louis Cardinal management for the opening game of the series, when they go through the Knot-Hole gate to join the young St. Louis fans in pulling for the World Champions to repeat their last year's triumph. That there will be several Giant rooters in the delegation from this city is certain, but the Cardinal defense will far outnumber the Giant supporters.

Final arrangements will be made Sunday for transporting the large crowd of 304 children from Jacksonville to St. Louis, and in handling the youths between 10 and 16 years of age while they are in the ball park, and returning them safely to Jacksonville. The undertaking, one of the largest attempted here, is being carefully planned step by step to assure a big time for the children and an enjoyable day for the baseball fans making the trip.

A few more automobiles are needed to assure all of the children who have registered that they may get to the scene of activities. More than 50 automobiles have been promised, but more will be needed to be on the safe side.

The children will gather at 9:30 Monday morning at the New Dunlap hotel, at which time they will be divided into groups and assigned to automobiles. As quickly as the drivers of the automobiles appear, their carload will be loaded up, and sent into the caravan.

Behind an escort of state highway patrolmen, the caravan will move to the Lewis and Clark bridge at Alton, where it will go across the Mississippi and Missouri rivers. A motorcycle escort of St. Louis police will pick up the caravan at the outskirts of the city and conduct it to the ball park, where arrangements have been made to admit the Jacksonville youths immediately.

Following the game, the Journal and Courier's representatives will keep the Jacksonville boys and girls in a group until the streets around the ball park have been cleared, and then the children will be loaded back into the same cars as the ones in which they made the trip to St. Louis for the return trip. As rapidly as the cars are loaded, they will be permitted to start back to Jacksonville.

Arrangements have been made with the Lewis and Clark bridge management for speeding the caravan over the bridge. Drivers will be asked to tell the bridge tenders the number of persons in each car, and to place in each machine, and then will be given a ticket for presentation at the other side of the two bridges. The tickets will be paid for by the Journal and Courier company and drivers will be required to show only their official baseball excursion sticker on the return trip to obtain free passage.

The entire caravan should be back in the city by nine o'clock Monday night. Plans call for the loading process to begin at ten o'clock Monday morning, and for the caravan to get underway by 10:30 a. m. It should arrive at the ball park between one and 1:30 o'clock, in time to watch the batting practice and warming up drills of the two teams, parts of the game which are almost as interesting as the game itself. The game is called for three o'clock, and probably will be over about five o'clock.

Automobiles have been promised by the following persons:

P. R. Briggs, Robert Sbert, Almon Walker, LeRoy Knox, W. H. Young, W. A. Fay, Mrs. J. W. Rod, Paul Knox, W. O. Randall, Homer Bradley, Otto Splith, Basil Sorrells, Charles Ater, H. J. Rodgers, Mrs. Fay Spoons, Robert Kaufmann, Paul Conner, Oldsmobile Sales, Glenn Skinner, Mrs. Alfred Russell, Frank Sullivan, J. H. Dial, Hodson-Eviss Dealers, Mrs. A. Martin, F. J. Blackburn, A. B. Applebee, Arch Vancoscellos, John Larson, F. A. Robinson, C. J. Wright, Corn Belt Chevrolet, Ernest Clark, Harry Hofmann, Kenneth Woods, Eldred Roberts, Max Tschauder, Ralph Withee, Tom Cosgriff, Robert Caldwell, Roy Welch, Dallas Hagan, Forest DeVore, Lisle Challans, Rex Wynn, Hayden Walker, William Dwyer, W. H. Coking, Julian Williamson, Dr. C. Carter, Wallace Baptist, Jim Pratt, C. C. Jenkinson, Charles Ketter, A. D. Hermann and W. H. Young.

Youths have been assigned to each of the above automobiles, already, in order to facilitate moving the crowd of youngsters.

Two Ashland Boys Tumble; Escape Hurts

Ashland, July 20.—Death took a hold on Ashland this week. Two boys of the community went through experiences that should, by rights, have landed them in the nearest hospital.

Consider the case of young Master Thaxton, for example. Thaxton is the son of Mr. and Mrs. Arthur Thaxton, is looking at the world with the knowledge that comes of being almost 15 months old, and has no share of curiosity. This mentioned trait attracted him to the window in the second story house where he resides.

Perhaps that last bottle of milk didn't agree with him, or perhaps he saw the neighbor girl driving by in her new kiddy car. Anyway, he left the window, flew through the air with the greatest ease, and landed plon on the concrete sidewalk. Last reports are that Master Thaxton is suffering from a severe red mark in the middle of his back, but otherwise, is apparently uninjured and able to do his perambulating without any difficulty.

And now let us see what happened to Master Dick Aggett, 13-year-old son of Mr. and Mrs. Chris Aggett. Last Tuesday they had a band concert in Ashland and Dick would rather do anything than miss a band concert, well, almost anything. But when Dick arrived at the aforementioned event there were no more seats left.

"Tsk, tsk, tsk. There are no more seats left," said Dick. "I shall be forced to climb this beautiful tree which is growing handsily here." So Dick, and a few companions climbed the tree and Dick had just settled himself in his choice of the lofty perches, when the limb gave way. Dick slipped gracefully down between limbs and boys and when he got into the open, he slipped his course toward the nearest automobile top.

The nearest automobile top happened to have a nice, sturdy automobile under it and Dick landed, uninjured.

And then there's the one about the fellow who fell out of bed and broke every bone in his body, but it didn't happen in Ashland and wasn't while Death was taking a holiday.

LUTHERAN SOCIETY
OF ARENZA HAS
MEETING AND SOCIAL

Arenza, July 20.—The Woman's Missionary society of the St. Peter's Lutheran church held their regular meeting at the Luther hall Thursday afternoon. The members of the Young People's society were their guests.
